I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Other activity

Nuclear Decommissioning

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Decommissioning & Asbestos Removal (DAR) framework

Reference number

DAR/FW/002

II.1.2) Main CPV code

- 45110000 - Building demolition and wrecking work and earthmoving work

II.1.3) Type of contract

Works

II.1.4) Short description

A framework contract for decommissioning, deplanting and asbestos removal works across the Magnox sites, comprising two 'Lots': Lot 1 - Conventional Deplanting, Asbestos Removal and Demolition. Lot 2 - Deplanting, Asbestos Removal and Demolition in Radiological contaminated areas

II.1.5) Estimated total value

Value excluding VAT: £485,000,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

II.2) Description

II.2.1) Title

Conventional Deplanting, Asbestos Removal and Demolition

Lot No

1

II.2.2) Additional CPV code(s)

- 45111000 - Demolition, site preparation and clearance work
- 45111100 - Demolition work
- 45111300 - Dismantling works
- 45262660 - Asbestos-removal work
- 79723000 - Waste analysis services
- 90650000 - Asbestos removal services
- 90722200 - Environmental decontamination services
- 98391000 - Decommissioning services

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

Main site or place of performance

Magnox Sites - Hinkley Point A, Oldbury, Berkeley, Trawsfynydd, Wylfa, Chapelcross, Hunterston A, Sizewell A, Dungeness A, Harwell and Winfrith

II.2.4) Description of the procurement

The scope of services required to support this aspect of the programme includes (but is not limited to) the following requirements from the supply chain:

- Civil, mechanical, and electrical enabling works required to support the scope of asbestos remediation, deplanting and demolition;
- Environmental assessment
- Deplanting of non-radiological buildings and equipment;
- Deplanting of Plant and Equipment including lifting and the setting down of heavy items;
- Decommissioning of plant and equipment;

- Bulk stripping, treatment, and stabilisation of Asbestos Containing Materials (ACM) following Magnox procedures for both inside and outside the Radiological Controlled Areas (RCA).
- This scope will include the movement/disposal of ACM to an approved point, which may include landfill or storage points at Sites.
- Environmental Cleaning. This will be required to give assurance that the permissible exposure limit (PEL) as set by OSHA are not exceeded for the deplanting and demolition of Magnox Sites.
- Access Systems and Enclosures. Includes, but not limited to, installation and deployment of access systems including scaffolding, powered access systems, roped access and any other system of providing site staff and Contractors' access to various locations at each of the facilities for the purposes of undertaking surveying, characterisation, full bulk asbestos stripping treatment & stabilisation, monitoring, and environmental cleaning.
- Demolition of non-radiologically contaminated structures, offshore structures, tanks, and sewage systems.
- Removal of hard-standings and roads.
- Land remediation.
- Making good the surrounding areas or buildings where partial demolition has taken place in line with the Code of Practice for full or partial demolition.
- Decommissioning of switchgear and associated plant.
- Disposal off site of scrap metal arising on site.
- Waste segregation, minimisation, and disposal via appropriate waste routes; this excludes radiologically contaminated waste.
- Project management to deliver end to end projects, manage subcontractors and act as Principal Contractor where required.
- The scope also includes for the provision of professional services to undertake planning, scope definition, temporary works design, design activities and project management when required.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £285,000,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

48

This contract is subject to renewal

Yes

Description of renewals

The framework will be for four years with two one-year optional extensions, making for a total framework duration of six years.

The exceptional characteristics detailed in the Invitation to Tender document which is available through CTM.

(box restricted to 400 characters!)

II.2.9) Information about the limits on the number of candidates to be invited

Envisaged minimum number: 3

Maximum number: 4

Objective criteria for choosing the limited number of candidates:

As set out in the Expression of Interest Document.

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2.14) Additional information

As set out in the procurement documentation the intention is to award frameworks to 3 to 4 tenderers for this Lot

II.2) Description

II.2.1) Title

Active Deplanting, Asbestos Removal and Demolition

Lot No

2

II.2.2) Additional CPV code(s)

- 45111000 - Demolition, site preparation and clearance work
- 45111100 - Demolition work
- 45111300 - Dismantling works
- 45262660 - Asbestos-removal work
- 79723000 - Waste analysis services
- 90650000 - Asbestos removal services
- 90722200 - Environmental decontamination services
- 98391000 - Decommissioning services

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

Main site or place of performance

Magnox Sites - Hinkley Point A, Oldbury, Berkeley, Trawsfynydd, Wylfa, Chapelcross, Hunterston A, Sizewell A, Dungeness A, Harwell and Winfrith

II.2.4) Description of the procurement

Selection criteria as stated in the procurement documents

III.2) Conditions related to the contract

III.2.2) Contract performance conditions

All requirements are set out in the Selection Questionnaire, Selection Questionnaire Guidance Document and the Expression of Interest Document available on Sellafeld Limited Complete Tender Management system (CTM).

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Restricted procedure

IV.1.3) Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

Framework agreement with several operators

Envisaged maximum number of participants to the framework agreement: 8

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.1) Previous publication concerning this procedure

Notice number: [2021/S 000-005380](#)

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

20 December 2021

Local time

11:00am

IV.2.3) Estimated date of dispatch of invitations to tender or to participate to selected candidates

16 February 2022

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

IV.2.6) Minimum time frame during which the tenderer must maintain the tender

Tender must be valid until: 27 April 2023

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.2) Information about electronic workflows

Electronic invoicing will be accepted

Electronic payment will be used

VI.4) Procedures for review

VI.4.1) Review body

Royal Courts of Justice

Strand

London

London

Country

United Kingdom

Internet address

<http://www.justice.gov.uk>

VI.4.2) Body responsible for mediation procedures

Royal Courts of Justice

Strand

London

London

Country
