Forest Service wishes to invite tenders for the Supply and Delivery of Spare Parts for Plant and Equipment. Forest Service anticipates establishing a multi-lot Contract(s) with suppliers for the provision of these parts. Forest Service currently carries out servicing and repair of a range of plant and Equipment at Engineering Workshops across Northern Ireland (see Specification Section 6.2). The aim of this Contract is to enable Forest Service to establish call-off arrangements for the Supply and Delivery of Spare Parts for Plant and Equipment. It is intended that, via this arrangement, Forest Service will be able to source all Spare Parts necessary to enable the effective repair and maintenance of the fleet of plant and equipment. The overall objective is to deliver value for money and cash releasing savings for the organisation. The Contract will be structured into 12 Lots based on Plant type. A Contractor will be awarded for each Lot.

## **Section VI. Complementary information**

### **VI.3) Additional information**

Contract monitoring: the successful contractor's performance on the contract will be regularly monitored. Contractors not delivering on contract requirements is a serious matter. It means the public purse is not getting what it is paying for. If a contractor fails to reach satisfactory levels of contract performance they will be given a specified time to improve. If, after the specified time, they still fail to reach satisfactory levels of contract performance, the matter will be escalated to senior management in construction and procurement delivery (CPD) for further action. If this occurs and their performance still does not improve to satisfactory levels within the specified period, this may be considered grounds for termination of the contract at your expense as provided for in the Conditions of Contract. In lieu of termination, CPD may issue a Notice of Written Warning or a Notice of Unsatisfactory Performance. A supplier in receipt of multiple Notices of Written Warning or a Notice of Unsatisfactory Performance may, in accordance with The Public Contracts Regulations 2015 (as amended), be excluded from future public procurement competitions for a period of up to three years.

### **VI.4) Procedures for review**

#### **VI.4.1) Review body**

The UK does not have any such bodies with responsibility for review/appeal or mediation procedures.

Belfast

Country

United Kingdom

#### **VI.4.3) Review procedure**

Precise information on deadline(s) for review procedures

CPD complied with the Public Contracts Regulations 2015 and, where..... appropriate, incorporated a standstill period (i.e. a minimum of 10 calendar days) at the point information was communicated to..... tenderers. That notification provided full information on the award decision. This provided time for the unsuccessful tenderers to..... challenge the award decision before the contract was entered into.
