Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

The tender was run and managed by a private sector third party who was a specialist in the market and who identified the most suitable and appropriate companies to invite to tender. The Procurement followed a robust tender procurement process, where the total contract value of the requirement was anticipated to be well below PCR thresholds. However, due to unforeseen economic factors and delays by the Trust, it wasn't until final tenders were received that the true value was identified, which was found to be considerably over the PCR threshold. Hence the need for this VEAT Notice to be advertised to the market.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No
