#### **II.1.4) Short description**

Crown Commercial Service (CCS), working with HM Revenue and Customs (HMRC), intends to procure a new

Framework Agreement for IT Digital and Legacy Application Services (DALAS).

The DALAS framework intends to provide a strategic gateway to support the delivery of future application

services and move HMRC toward an application services support model that is less dependent upon legacy

technologies.

The framework will provide a commercial vehicle to replace existing contractual arrangements that are due

to expire between September 2023 and January 2025, and will provide the basis for letting a large

proportion of HMRC future application services requirements.

The framework will also be available to be utilised by Central Government Departments and all other UK

Public Sector Bodies, including Local Authorities, Health, Police, Fire and Rescue, Education and Devolved

Administrations.

The procurement is being delivered using one restricted procedure split into two phases. Phase 1 includes

Lots 2a, 2b, 3 and 5. Phase 2 includes Lots 1, 4a and 4b. Both Phase 1 and Phase 2 will each have a selection

stage and an ITT stage.
