II.2.4) Description of the procurement

Preliminary Market consultation to establish current market information for North Lincolnshire Councils requirements and to establish available technology solutions.

Technologies have evolved since we last completed a pre-market consultation. We would like to further understand the markets appetite for our procurement approach and how the market supports a more integrated children's & families system offer, market thinking and planning over changes to the local government landscape and how this is reflected in suppliers' future roadmaps.

By sending out the PMC the Council aims to assess what systems are available to meet our short and longer-term strategic needs, in delivering care and support to our citizens, from birth to end of life, with additional information that can support our business case and potential future procurement exercise.

II.3) Estimated date of publication of contract notice
