## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

Lowering Emissions by Accelerating Forest Finance (LEAF) Coalition evaluation

#### **II.1.2) Main CPV code**

- 90712200 - Forest conservation strategy planning

#### **II.1.3) Type of contract**

Services

#### **II.1.4) Short description**

The Lowering Emissions by Accelerating Forest finance (LEAF) Coalition is a voluntary global coalition bringing together the private sector and governments to provide carbon market finance for tropical and subtropical forest conservation.

Reversing deforestation is essential to achieving the goals of the Paris Agreement and the Global Biodiversity Framework. One way of reversing deforestation is by investing in high integrity carbon markets which can deliver finance at scale for forest protection and restoration. The LEAF Coalition is one route to raising global climate ambition for high-integrity carbon markets, by demonstrating that the demand and supply of Results-Based Finance (RBF) and forest carbon credits can follow a high integrity path, in-line with the goals of the Paris Agreement.

The Department for Energy Security and Net Zero (DESNZ) is commissioning an Independent Evaluation Partner to deliver a set of evaluation activities considering the UKs contribution to the LEAF Coalition and the related technical assistance provision.

The overall aim of the independent evaluation activity is to understand the effectiveness of the UK's contribution to the LEAF Coalition and its supporting Technical Assistance programme, on accelerating the development of a jurisdictional REDD+ carbon market and its potential impact on reversing deforestation and delivering improved social and sustainable development outcomes.

The evaluation will consist of 3 parts. Part 1 will be the delivery of an approach paper, following a scoping exercise, defining the approach to the process evaluation and options appraisal for a future impact evaluation. Part 2 will be the delivery of the process evaluation and part 3 will be the creation of an options paper for the design of a future

impact evaluation.

DESNZ will run a market engagement event on the Thursday 19th September 11:00-12:00 (BST) ahead of publishing the invitation to tender, expected W/C 30th September. The link to sign up for the market engagement event is:

<https://forms.office.com/e/3guaXn381g>

The contract term will be 10 months with the value of £300,000- £400,000.

DESNZ will run a market engagement event on Thursday 19th September 2024 11:00am -12:00pm (BST) ahead of publishing the invitation to tender, expected from W/C 30th September 2024. The link to sign up for the market engagement event is:

<https://forms.office.com/e/3guaXn381g>

Following the event the Authority is anticipating to seek feedback via questionnaire on a draft Specification shared with attendees, welcoming feedback on this.

#### **II.1.5) Estimated total value**

Value excluding VAT: £400,000

#### **II.1.6) Information about lots**

This contract is divided into lots: No

### **II.2) Description**

#### **II.2.2) Additional CPV code(s)**

- 90712200 - Forest conservation strategy planning

#### **II.2.3) Place of performance**

NUTS codes
