General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Repair and Maintenance of Fleet for South Hams

Reference number

DN691168

II.1.2) Main CPV code

- 50000000 - Repair and maintenance services

II.1.3) Type of contract

Services

II.1.4) Short description

South Hams District Council and West Devon Borough Council are two local authorities in Devon England. They have a history of working together in partnership to deliver services to their respective residents. Between April 2019 and October 2022 both Councils outsourced their waste services. In October 2022, the service in South Hams was taken back in house. The service in West Devon remains outsourced to a private contractor.

South Hams and West Devon have worked closely with other Devon Authorities on a common strategy to deliver sustainable waste management services to our residents known as the Devon Aligned Service (the DAS service) and is fully deployed in West Devon.

South Hams District Council and West Devon Borough Council, the Council, operate many services within the South Hams and West Devon areas. This repair and maintenance contract is purely for South Hams fleet.

All of the Councils operational services have a demand for vehicles which assist our staff to complete mandatory and discretionary responsibilities to the residents, visitors and businesses of South Hams and West Devon.

As with all operational services there are many variations to each operational area. This variation has led the Council to consider splitting the Vehicle Repair, Maintenance and Associated Works Contract into three lots, as follows:

Lot 1 – Vehicles over 3.5T

Lot 2 – Vehicles 3.5T and under

Lot 3 – All Vehicles

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKK4 - Devon

II.2.4) Description of the procurement

South Hams District Council and West Devon Borough Council are two local authorities in Devon England.
