I.2) Information about joint procurement

The contract is awarded by a central purchasing body

I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Health

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Cystinosis Diagnosis and Management Advice Service

Reference number

46441

II.1.2) Main CPV code

- 85000000 - Health and social work services

II.1.3) Type of contract

Services

II.1.4) Short description

Cystinosis is a very rare inherited lysosomal storage disease presenting in infancy (95% of cases) with severe kidney disease but subsequently involving multiple organs (eyes, thyroid, liver, diabetes, muscle deterioration). Patients often present to paediatric nephrology services although multi organ disease requires multi-speciality input. Effective drug therapy and renal transplantation has improved the life expectancy of these patients.

This project comprises a provider selection process to commission adult and paediatric cystinosis services.

II.1.6) Information about lots

This contract is divided into lots: Yes

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £2,450,000

II.2) Description

II.2.1) Title

One hub for adult and paediatric cystinosis services to cover the NHS England population in the North of England

Lot No

1

II.2.2) Additional CPV code(s)

- 85100000 - Health services

II.2.3) Place of performance

NUTS codes

- UKE - Yorkshire and the Humber
- UKD - North West (England)
- UKC - North East (England)

II.2.4) Description of the procurement

NHS England is seeking to commission a service to deliver cystinosis diagnosis and management advice through the publication of this provider selection process.

Services will be provided from 3 adult and paediatric hubs, either as a joint bid between two organisations (one covering adult services and one covering paediatric services) or as a single integrated service bid from the same organisation, covering both adult and paediatric services. Services will be selected to offer geographically equitable access to minimise patient travel times whilst also offering access to multidisciplinary resources. Services will support national networking of the highly specialised centres with the adult and paediatric centres working closely together to offer an integrated service and excellent transition of patients. The hubs will be required to work in a national network to support the development of national policies and protocols and to facilitate research.

The hub allocation model will be based on a regional lot breakdown as follows:

- Lot 1 - one hub for adult and paediatric cystinosis services to cover the NHS England population in the North of England
- Lot 2 – one hub for adult and paediatric cystinosis services to cover the NHS England population in the Midlands and northern areas of East of England
- Lot 3 – one hub for adult and paediatric cystinosis services to cover the NHS England population in the South of England and southern areas of East of England

Providers wishing to be considered for the delivery of these services will need to respond to the provider selection documentation and submit responses prior to the deadline stated

in this notice.

II.2.5) Award criteria

Quality criterion - Name: Technical / Weighting: 100

Price - Weighting: 0

II.2.11) Information about options

Options: Yes

Description of options

The contract period is 3 years with an option to extend for a further 12 months.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2) Description

II.2.1) Title

One hub for adult and paediatric cystinosis services to cover the NHS England population in the Midlands and northern areas of East of England

Lot No

2

II.2.2) Additional CPV code(s)

- 85100000 - Health services

II.2.3) Place of performance

NUTS codes

- UKH - East of England
- UKG - West Midlands (England)
- UKF - East Midlands (England)
