Tender

942051957 IMP-T1327 Compatibility of heights of standard vehicle gauges with low contact wire heights

Rail Safety Standards Board (RSSB)

UK4: Tender notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-028462

Procurement identifier (OCID): ocds-h6vhtk-0528d7

Published 29 May 2025, 2:05pm

Scope

Description

This research intends to investigate the discrepancies between the maximum vertical dimensions within different gauges, which could create safety issues where such exceedances occur in the vicinity of live overhead wires. The results of this piece of work needs to provide robust evidence to inform the creation of a technical note and potential changes to gauging and electrification standards.
