II.2.11) Information about options

Options: Yes

Description of options

While it is envisaged that the Lot 1 Primary Buy Framework Agreement and Balancing Gas Buy Contract (Primary Buy) will terminate automatically at 5:00 on 1st October 2023, PTL shall have the option to extend the term of the Lot 1 Primary Buy Framework Agreement (and Balancing Gas Buy Contracts - Primary Buy) to 5:00 on 1st October 2024, by serving notice on each Framework Member at any time prior to 1st October 2023, if PTL's tender process for the award of a framework agreement for the purchase of Balancing Gas for the NI Network for the gas year 1st October 2023 to 1st October 2024 is unsuccessful and it is unable to appoint any successful bidders. PTL intends to award places on the Framework Agreements until the relevant quantity requirement (for buy or sell of gas, of 8,667,000 kWh in all cases) has been met. In addition PTL may, for the purposes of operational resilience, choose to offer further places on the Framework Agreements. Since each Tenderer must offer a minimum quantity in their tenders, it is on this basis that the potential maximum number of participants to the framework agreement has been envisaged as 3. However, PTL reserves the right to place additional participants on the Framework Agreements if it considers that appropriate.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2.14) Additional information

As PTL has reserved the option to further extend the Lot 1 Primary Buy Framework Agreement and Primary Balancing Gas Buy Contracts, in certain circumstances these arrangements have potential to continue for a period of up to 2 years. As such the duration in II.2.7 has been completed on the basis these arrangements continue for the full 2 year period
