- UKG - West Midlands (England)

II.2.4) Description of the procurement

Birmingham City Council wishes to follow the Direct Award Process C to award contracts to the 3 existing providers of vision screening services whose contracts ended in August 2024.

Vision screening is an integral part of the universal delivery of the national Healthy Child Programme 0-19 years, and meets the description laid down by the National Screening Committee, which recommends that all children should be screened for visual impairment between four and five years of age.

The contracts with each Provider will be for a four-year period commencing September 2024 for a total value of £1,233,709.

II.2.5) Award criteria

Quality criterion - Name: the existing provider is satisfying the original contract and will likely satisfy the proposed contract to a sufficient standard / Weighting: 100%

Cost criterion - Name: Value / Weighting: 0%

II.2.11) Information about options

Options: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

This is a Provider Selection Regime (PSR) intention to award notice. The awarding of this contract is subject to the Health Care Services (Provider Selection Regime) Regulations 2023. For the avoidance of doubt, the provisions of the Public Contracts Regulations 2015 do not apply to this award. The publication of this notice marks the start of the standstill period. Representations by providers must be made to the relevant authority by 17th September 2024. This contract has not yet formally been awarded; this notice serves as an intention to award under the PSR

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.9) Information about termination of call for competition in the form of a prior information notice

The contracting authority will not award any further contracts based on the above prior information notice

No

V.2.4) Information on value of contract/lot (excluding VAT)

Total value of the contract/lot: £215,662

Section VI. Complementary information

VI.3) Additional information

This is a Provider Selection Regime (PSR) intention to award notice. The awarding of this contract is subject to the Health Care Services (Provider Selection Regime) Regulations 2023. For the avoidance of doubt, the provisions of the Public Contracts Regulations 2015 do not apply to this award. The publication of this notice marks the start of the standstill period. Representations by providers must be made to decision makers by 17th September 2024. This contract has not yet formally been awarded; this notice serves as an intention to award under the PSR.

Written representations should be sent to cps@birmingham.gov.uk

Decision Makers:

Director of Public Health in consultation with the Interim Director Procurement, Director of Finance (& Section 151 Officer) (or their delegate) and the City Solicitor & Monitoring Officer.

The existing providers are satisfying the original contract and are likely to satisfy the proposed contract to a sufficient standard taking into account the key criteria as follows:

(a) Quality and innovation. There are 5 Programme Standards included in the service specification for each provider to meet and they are managed as Key Performance Indicators.

- i) Identify the population, ensure coverage
- ii) Maximise performance of the screening test
- iii) Maximise reporting of results
- iv) Ensure timely entry into care pathway for diagnostic assessments
- v) Reduce the incidence of false positive outcome.

All providers have continued to meet the Programme Standards. The Standards will continue to be reviewed against the national specification expectations and if required, will be updated.

(b) Value. Through these contracts BCC achieves good value in terms of the balance of costs, overall benefits and financial implications.

(c) Integration, collaboration and service sustainability. The screening programme is dependent on effective working relationships (formal and informal) between the screening programme, ophthalmology departments, community orthoptic services, local educational services, optometric services, and primary care professionals, including school nursing/healthy child services, optical practices and GPs.

The responsible care provider is identified at all times, including during and after handover of care. The Providers are expected to fully contribute to ensuring that cross boundary systems are in place to maintain the quality and safety of the entire screening pathway.

(d) Improving access. The providers are expected to ensure fair access to screening and referral to subsequent diagnostic testing. This is delivered through approaches such as the design of the service, to ensure that there are no obstacles to access on the grounds of the 9 protected characteristics as defined in the Equality Act 2010.

(e) Social value.

Social value commitments have been obtained from all 3 providers. These will form part of the new contract and will be monitored throughout the contract duration

VI.4) Procedures for review

VI.4.1) Review body

High Court of Justice

Royal Courts of Justice, Strand

London

WC2A 2LL

Country

United Kingdom
