UK4: Tender notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-028475

Procurement identifier (OCID): ocds-h6vhtk-0528e0

Published 29 May 2025, 2:26pm

Scope

Reference

1977

Description

The University of South Wales (USW) requires a new Quantitative Polymerase Chain Reaction (qPCR) Machine to replace an existing machine. USW mainly use it to quantify antimicrobial resistance genes from environmental samples; however, its scope may be expanded to include forensic applications. Samples are quantified alongside standards to get concentrations of ARGs. These are then used to work out gene copy numbers using external software.

Total value (estimated)

- £30,000 excluding VAT
- £36,000 including VAT

Below the relevant threshold

Contract dates (estimated)

- 23 June 2025 to 31 July 2025
- 1 month, 8 days

Main procurement category

Goods

CPV classifications

- 38950000 - Polymerase Chain Reaction (PCR) equipment
- 38900000 - Miscellaneous evaluation or testing instruments

Contract locations

- UKL15 - Central Valleys

Participation

Particular suitability

Small and medium-sized enterprises (SME)

Submission

Enquiry deadline

10 June 2025, 12:00pm

Tender submission deadline

13 June 2025, 12:00pm

Submission address and any special instructions
