I.6) Main activity

Urban railway, tramway, trolleybus or bus services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

TPE Video Surveillance System (VSS/CCTV) Renewal

II.1.2) Main CPV code

- 35120000 - Surveillance and security systems and devices

II.1.3) Type of contract

Supplies

II.1.4) Short description

First Transpennine Express (TPE) has a business plan commitment (BPC) to renew the legacy station CCTV deployed across its station network with a new, fit-for-purpose VSS / CCTV solution. This new VSS/CCTV solution shall not only address the serious obsolescence risks that exist on the current CCTV infrastructure, it will also play a strategic role in the future management of station operations and improved customer experience through the network-wide deployment of video analytics and new camera technologies (AI).

The purpose of the Project Requirement Specification document is to define the scope of works and deliverables that are required for this important project.

TPE are seeking bidders to provide detailed proposals that are.

- compliant with railway industry and UK national standards
- High functionality, innovative and transformational
- robust and proven technologies
- cost certain and provides measurable value to TPE and its stakeholders

Existing TransPennine Express CCTV assets have significantly exceeded their 15-year asset life expectancy and are now all exhibiting age-related problems with increasing failures that are impacting the operational safety, service quality and passenger experience across the network.

Some stations have experienced complete failure of all CCTV cameras and systems and with excessive lead times for legacy parts, this is not an acceptable scenario for any modern UK railway station.

The majority of TPE CCTV cameras are analogue and have therefore have low-resolution image quality and below that expected and needed by TPE and its stakeholders. Modern IP cameras have vastly superior image quality and range including the ability to offer leading edge innovations such as video analytics and artificial intelligence applications.

II.1.5) Estimated total value

Value excluding VAT: £5,550,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 35120000 - Surveillance and security systems and devices
 - FB09 - For security system

II.2.3) Place of performance

Dewsbury

Grimsby Town

Huddersfield

Hull

Middlesborough

Manchester Airport

Malton

Northallerton

Selby

Scarborough

Scunthorpe

Seamer

Stalybridge

Thornaby

Thirsk

Yarm

II.2.4) Description of the procurement

The procurement process will be managed under regulations of UCR 2016 by using Negotiated Procedure. The process will be initiated by publishing the Expression of Interest (EOI) on the official website and available open platforms. Allowing bidders to register their interest by signing the issued NDA. Upon completion of NDA, A PQQ will be issued to prospective suppliers (based on signed NDA) prior to the release of the ITT. The selection criteria that will be used to shortlist suppliers is as follows;

- Reputable suppliers who are well known within the industry
- Existing customers in a similar industry or similar networking footprint
- Key manufacturer accreditations for Networking or cloud services

The tender will be a competitive tender, using a restricted scoring process to limit the number of suppliers involved in the ITT with the preferred tenderer proposing the most economically advantageous tender (Best Price - Quality Ratio) in BAFO with a standstill period. The considerations for the contract are more focused on the service provision. We expect to contract under the customer's terms with little margin to negotiate on T&C due to nature of the services provided.

The works and services will comprise of the following main activities:

- Producing a Telecoms Design
- Producing a Privacy Impact Assessment
- Supply, installation, and commissioning of site equipment
- Supply, installation, and commissioning of centralised video management systems
- Obtaining Network Rail Landlords Consent
- Obtaining Listed Buildings Consent
- Obtaining Station Change
- Programme Management
- Project Management
- Compliance with CDM-2015 requirements
- Compliance with TPE, Network Rail and Railway Group Standards
- Compliance with video surveillance polices and legislation
- Risk Management

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £5,550,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

45

This contract is subject to renewal

Yes

Description of renewals

The contract duration will be for 45months (21 Months for Capitalisation & Installation plus 24 Months for Post Implementation Maintenance & Support Contract) with the option to extend for up to a further 2 years subject to the approval.

II.2.10) Information about variants

Variants will be accepted: Yes

II.2.11) Information about options

Options: No

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.2) Economic and financial standing

Selection criteria as stated in the procurement documents

III.1.3) Technical and professional ability

Selection criteria as stated in the procurement documents

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated procedure with prior call for competition

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

IV.2) Administrative information

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

10 November 2022

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.4) Procedures for review

VI.4.1) Review body

FirstGroup Holding Limited

London

Country

United Kingdom
