II.1.4) Short description

The Authority requires the provision of medical assessments in relation to the Vaccine Damage Payment Scheme (VDPS). Further information on the scheme can be found here <https://www.gov.uk/vaccine-damage-payment/eligibility> VDPS eases the present and future burdens of those suffering from vaccine damage and provides assistance to their families. The assessment determines the causation and disablement as a result of vaccinations against specified diseases as set out in the VDPS. Interested parties must register an interest and access the procurement documents via <https://health-family.force.com/s/Welcome> (search opportunities using system reference C51820). Follow the instructions to register an interest and once registered, Suppliers will be able to view and access the full Tender documentation.

II.2.4) Description of the procurement

The services required are for Medical Assessments of the evidence being presented by applicants making a claim under the VDPS. An 'Assessment' is the end-to-end process to assess causation and level of disablement against the medical evidence presented in relation to a Claimant's health condition and/or disability. The Supplier is required to undertake all appropriate action to complete the assessment. This may include gathering evidence from the most appropriate source/reference/expert/specialist to ensure a definitive view can be provided. Historically, the average number of annual assessments is c100 however volumes have increased following the addition of Covid and Adult Flu vaccinations to the VDPS. There is no minimum (or maximum) commitment to the number of assessments that will be required under the contract as the scheme is demand driven, however there are currently c500 cases (as at November 2021) that require assessment with this volume increasing per week by c20 cases. It is estimated that in year one of the contract there will be c1500-1800 claims that will require assessment within the first year of the contract. It is estimated that after year 1 of the contract the number of assessments will between 100-1000 assessments will be required per annum.
