Supplier is to strip, pack, disassemble, move the machine and the reassemble and recommission the machine and all the ancillary parts

II.2.5) Award criteria

Price

II.2.11) Information about options

Options: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons
- Additional deliveries by the original supplier

Explanation:

DMG Mori as the original equipment manufacturer are the only supplier that has the capability to move their machine and recommission them to the same standard to not invalidate the warranty on the machine. If another supplier were to carry out this work, it could invalidate the warranty, have compatibility issues and the machine may not work in the correct way providing inaccuracies which could impact on the success of projects. A different supplier would need to understand the machine, its capabilities, and restrictions. DMG are the only supplier who can liaise with DMG Global Service/KRT Engineers who have the skills required to decommission and recommission.
