Lot constraints

Description of how multiple lots may be awarded:

In the event that a Bidder is successful in the award of more than one Lot, the Council

may re-assess the relevant Conditions of Participation and award criteria to determine that the Bidder has the necessary capacity and/or capability to deliver the combined Lots. This may include, but not limited to:

- Re-assessment of the financial standing assessment using relevant combined Lot values;
- Reassessment of the Bidders experience based on the relevant combined Lot values;
- Any other relevant information provided by the Bidder.

Should the Council determine, at its absolute discretion, that a Bidder does not have the capacity and/or capability to be awarded more than one Lot then an award decision will be based on the Lot preference as indicated by the Bidder in the Qualification Envelope and the best VFM outcome for the Council.
