Working with a media agency, we run an always on advertising campaign that covers a range of channels. Whilst the campaign does include some out of home and printed channels, there is a significant focus on digital media, including On Demand, YouTube, social media, search, programmatic, gaming and third party HE websites. Our aim is to create an authentic, meaningful campaign that connects with our target audience, utilising the creative options each channel offers. The first key project will be our undergraduate student recruitment campaign, for 2023 entry. We would be looking to develop a campaign strategy and concepts from the end of February 2022, with implementation to market by the end of April 2022. In addition to this flagship campaign, we also run a number of related campaigns throughout the year. These cover postgraduate, faculty, research and general brand awareness.
