Procedure

Procedure type

Direct award

Direct award justification

Single supplier - technical reasons

Historic England and their Shared Services customers use Integra as their Finance System. The current maintenance contract runs until 31/03/26. As the new customer is on-boarding with HE Shared Services in support of their Finance function in 2025, a new Integra instance will be set-up for that organisation on the existing server infrastructure. This ensures that all customers are on the same finance platform, thus system compatibility is required.
