Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Mental Health Treatment Requirements (MHTR) in the South East, as part of the Community Sentence Treatment Requirement (CSTR) Programme for NHS England and NHS Improvement South East

Reference number

WA11861

II.1.2) Main CPV code

- 85000000 - Health and social work services

II.1.3) Type of contract

Services

II.1.4) Short description

NHS England and NHS Improvement South East (the Commissioner) seeks to commission Mental Health Treatment Requirements (MHTRs) Services across the South East. This forms part of the wider Community Sentence Treatment Requirements (CSTRs) Programme which is a partnership between the Ministry of Justice (MoJ), Department of Health and Social Care (DHSC), NHS England and NHS Improvement (NHSE/I), Public Health England (PHE) and Her Majesty's Prison and Probation Service (HMPPS).

The CSTR Programme aims to develop pathways to enable and facilitate the increased use of all three treatment requirements:

- Mental Health Treatment Requirements (MHTRs)
- Drug Rehabilitation Requirements (DRRs)
- Alcohol Treatment Requirements (ATRs)

ATRs and DRRs in the South East are outside the scope of this specification, beyond the co-ordination of CSTRs for combined orders. However, there is an expectation that MHTR and ATR & DTR providers will work closely together in the best interests of the service user, especially where it can be identified that a combined order is the best outcome.

MHTR in the context of the CSTR programme is intended for the sentencing of individuals convicted of an offence(s) which has crossed the community order sentencing threshold and may be used as an alternative to short custodial sentences for individuals who may have range of mental health, personality disorder and psychological issues/vulnerabilities which do not require forensic or secondary care treatment.

The aims of the service are to:

- Increase the proportion of offenders with mental health issues for whom an effective mental health treatment plan is in place.
- Reduce re-offending by addressing the underlying causes of offending behaviour.
- Prevent custodial sentences (especially short ones), by offering robust community treatment options.
- Provide tailored mental health support to the most vulnerable offenders. Individuals

supported by pilot sites included those who suffered from post-traumatic stress, trauma, bipolar, personality and phobia disorders, psychosis and ASD.

Secondary MHTRs are outside the scope of this service specification and its provision should be provided through locally commissioned frameworks for secondary care. Primary MHTRs are the sole focus of this service specification. Treatment should thereby be provided by a suitable trained and experienced team of practitioners, for individuals who do not meet the criteria for secondary mental health treatment.

Contracts will be for an initial term of 3 years, with a possible extension of a further three years, as defined and at the discretion of the Commissioner. Services are planned to commence on 01 July 2022, with the exception of Reading Magistrates Court in Lot 1 which is planned to commence on 01 April 2022. The initial contract term for Lot 1 will be 3 years and 3 months to account for the earlier service commencement date for Reading Magistrates Court.

The procurement exercise is split into 5 Lots with the corresponding 3 year contract values (3 years and 3 months for Lot 1).

Lot 1: Reading Magistrates Court and Oxford Combined Court - £780,989

Lot 2: Southampton Magistrates Court and Portsmouth Magistrates Court - £503,865

Lot 3: Guildford Magistrates Court - £331,788

Lot 4: Brighton Magistrates Court - £554,700

Lot 5: Maidstone Combined Court - £444,460

This procurement is being carried out by NHS South, Central and West Commissioning Support Unit (SCW) on behalf of the Commissioners.
