Body governed by public law

I.5) Main activity

Education

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Soft Market Testing - University of York Lighting Upgrades Project

II.1.2) Main CPV code

- 71318100 - Artificial and natural lighting engineering services for buildings

II.1.3) Type of contract

Services

II.1.4) Short description

The University of York has issued this market engagement questionnaire to seek feedback from the energy market to help it to shape its strategy prior to advertising its LED lighting upgrade programme. The aim is for the University to obtain detailed feedback from suppliers and installers, who are capable of supplying services to the University. The University is keen to hear what strategies have been adopted by other similar customers, and what service supply options are available through the market.

The University intends to utilise the information collected from this questionnaire to develop a procurement strategy to take to market to procure a solution to its lighting upgrade requirements. It is hoped that shaping and refining the procurement strategy will result in a good level of competition and some innovative solutions being proposed by bidders, and therefore this SMT will benefit both suppliers and the University.

The SMT questionnaire can be found at: <https://in-tendhost.co.uk/york/asp/Home>

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 31500000 - Lighting equipment and electric lamps

II.2.3) Place of performance

NUTS codes

- UKE21 - York

Main site or place of performance

University of York Campus, Heslington, York YO10 5DD

II.2.4) Description of the procurement

The University of York has issued this market engagement questionnaire to seek feedback from the energy market to help it to shape its strategy prior to advertising its LED lighting upgrade programme. The aim is for the University to obtain detailed feedback from suppliers and installers, who are capable of supplying services to the University. The University is keen to hear what strategies have been adopted by other similar customers, and what service supply options are available through the market.

The University intends to utilise the information collected from this questionnaire to develop a procurement strategy to take to market to procure a solution to its lighting upgrade requirements.
