### **Scope**

### **Description**

Westminster City Council (WCC) will soon be commissioning Extra Care Housing Service at Carlton Dene, with the aim to have new services in place by April 2026. We need your help to create a strategic model that promote people's health, wellbeing and maximise independence.

Carlton Dene is a new development, which will be ready for handover in March 2026 so that the new service can be delivered from April 2026.

Carlton Dene will have 58 general units, and 7 dementia units.

The service will support the delivery of key Adult Social Care (ASC) principles:

Personalisation; Prevention; Innovation; Integration and Local, by offering personalised care, giving residents choice and control over their support. It prevents isolation and promotes well-being by helping people stay independent in their community. Through innovation, it enhances digital inclusion and uses technology to support health and social needs. Integration with housing, the NHS, and social care ensures joined-up services,

while a local approach allows residents to remain in the borough, creating employment and volunteering opportunities.

WCC's vision is for Carlton Dene to be integrated within the Local Community and to have strong links with statutory and community services. The service will facilitate a vibrant and inclusive ECH Community.

Extra Care Housing is comprised of two separate, but often critically interdependent, service elements:

Housing

Care and Support

WCC is the Housing Provider for Carlton Dene.
