WAYfinder's fundamental aim is to support people who are at risk of homelessness, or who are homeless, or who have experienced homelessness - to achieve settled, sustainable and secure housing. WAYfinder will support people face to face, on the street, in their accommodation or their community

This Service has been designed as part of 'All in For Glasgow'. The 'All in For Glasgow' design team is made up of people with experience of homelessness, third and independent sector service providers, and Glasgow City Health and Social Care Partnership.

The WAYfinder name was suggested following an 'All in for Glasgow' event. A participant with lived experience observed that a support service's main aim should be understanding the person they are supporting, and to do so should simply ask 'Who Are You (WAY)?'

The General WAYfinder Provision will:

- Employ the principal of the 'sticky' support team. This team of named workers will support people through their entire homeless journey
- Help to join up the commissioned, community and statutory service interactions, to deliver a whole-system response
- Adopt a Trauma & Psychologically Informed Environment (PIE) approach to support
- Embody the no wrong door approach and people will be able to access the service at any stage of their homeless journey
- Support people face to face, on the street, in their accommodation or their community

This contract is being tendered under the Light Touch Regime Schedule 3 to the Public (Contract) Scotland Regulations 2015.

The contract length will be 4 years with an option to extend for a further 2 years.

The service will have 6 lots, lots 1-4 will be single supplier awarded block contracts. Lot 5 will be cost and volume. In Lot 6 bidders were invited to join a Lot of approved WAYfinder suppliers. This lot will be used for any additional funding or new requirements that cannot be met through a modification of Lots 1-5.

Should a person move into the Housing First service from a locality service the existing support team should follow the person. #### VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

Glasgow City Council ("the Council") must, by notice in writing as soon as possible after the decision has been made, inform all bidders and candidates concerned of its decision to award the contract, conclude the Framework Agreement or establish a dynamic purchasing system. The Council must allow a period of at least the relevant standstill period (where the notice is sent by facsimile or electronic means the period is 10 days ending at midnight at the end of the 10th day after that on which the last notice is sent, when sent by other means the period is 15 days) to elapse between the date of despatch of the notice referred to in Regulation 85(1) of the Public Contracts (Scotland) Regulations 2015 ("The Regulations"). The Council is obliged to comply with the regulations and any eligible economic operator can bring an action in the Sheriff Court or the Court of Session where as a consequence of a breach by the Council, suffers or risks suffering loss or damage. The bringing of court proceedings during the standstill period means that the council must not enter into the contract, conclude the framework agreement or establish the dynamic purchasing system unless the proceedings are determined, discontinued or disposed of: or the court, by interim order, brings to an end the prohibition. The bringing of court proceedings after the standstill period has elapsed and the remedies that are available to the courts are detailed in the Regulations. Economic operators can write to the Council seeking further clarification on the notice, to which the Council must respond within 15 days. Economic Operators should be mindful to seek their own independent legal advice when they consider appropriate to do so.
