This process has supported the following key objectives:

- By improving patients' knowledge and awareness of their condition, self-care awareness and triggers to self-manage;
- By delivering the service in community settings, in line with the Department of Health's drive towards local services for local people;
- By improving the health related quality of life for patients with chronic respiratory conditions and overall experience of care;
- By increasing the understanding amongst health professionals of which patients will benefit from, and should be referred to, pulmonary rehabilitation;
- By providing value for money community pulmonary rehabilitation programme that

meets the patient's personal needs; and

- By delivering a service which will achieve optimum cost effectiveness.

Conflict of interest declarations were made by all involved in this process and no conflicts were identified.
