Tenders or requests to participate must be submitted to the above-mentioned address

I.4) Type of the contracting authority

Ministry or any other national or federal authority

I.5) Main activity

Public order and safety

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Precursor Chemical Research

Reference number

C22143

II.1.2) Main CPV code

- 73111000 - Research laboratory services

II.1.3) Type of contract

Services

II.1.4) Short description

The Home Office is seeking to reduce the risk of selected chemicals used in household products that are being used as precursors for the production of explosive or chemical threats. The Home Office will be seeking to work with suppliers to develop methods to reduce the misuse of certain chemicals commonly found within household products. This will be done by (a) finding substitute product formulations that perform to the same standard or better than current product formulations. (b) Adding additives that reduce the risk of misuse whilst having minimal impact to performance of the product. The following products will be the focus of this work 1. Additives in sodium/calcium hypochlorite, 2. Substitutes for Sodium/calcium hypochlorite, 3. Additives or substitutes for hydrochloric acid, 4. Disruption of Hexa-Methylene Tri-Peroxide Diamine (HMTD). It is anticipated that this work will begin in Dec 2021 / Jan 2022 (latest) and concluded by 31st March 2022.

Expressions of Interest are requested to be sent to HOSprocurement@homeoffice.gov.uk with confirmation that they have registered on the Home Office's e-sourcing portal. <https://homeoffice.app.jaggaer.com/web/login.html>

Upon confirmation the Home Office will invite the Supplier to view and access the tender documents.

II.1.5) Estimated total value

Value excluding VAT: £330,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

Maximum number of lots that may be awarded to one tenderer: 4

II.2) Description

II.2.1) Title

Lot No

1-4

II.2.2) Additional CPV code(s)

- 38970000 - Research, testing and scientific technical simulator

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

The Home Office is seeking to reduce the risk of selected chemicals used in household products that are being used as precursors for the production of explosive or chemical threats. The Home Office will be seeking to work with suppliers to develop methods to reduce the misuse of certain chemicals commonly found within household products. This will be done by (a) finding substitute product formulations that perform to the same standard or better than current product formulations. (b) Adding additives that reduce the risk of misuse whilst having minimal impact to performance of the product. The following products will be the focus of this work 1. Additives in sodium/calcium hypochlorite, 2. Substitutes for Sodium/calcium hypochlorite, 3. Additives or substitutes for hydrochloric acid, 4. Disruption of Hexa-Methylene Tri-Peroxide Diamine (HMTD). It is anticipated that this work will begin in Dec 2021 / Jan 2022 (latest) and concluded by 31st March 2022.

Upon confirmation the Home Office will invite the Supplier to view and access the tender documents.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £330,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

5

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

IV.2) Administrative information

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

20 December 2021

Local time

12:00pm

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

IV.2.6) Minimum time frame during which the tenderer must maintain the tender

Duration in months: 8 (from the date stated for receipt of tender)

IV.2.7) Conditions for opening of tenders

Date

20 December 2021

Local time

12:00pm

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.2) Information about electronic workflows

Electronic ordering will be used

Electronic invoicing will be accepted

Electronic payment will be used
