Award

Pinpoint Systems

NHS Greater Glasgow and Clyde

F15: Voluntary ex ante transparency notice

Notice identifier: 2021/S 000-029007

Procurement identifier (OCID): ocds-h6vhtk-02f8be

Published 22 November 2021, 10:04am

Section I: Contracting authority/entity

I.1) Name and addresses

NHS Greater Glasgow and Clyde

Procurement Department, Glasgow Royal Infirmary, 84 Castle Street

Glasgow

G4 0SF

Email

aldasair.mclaren@ggc.scot.nhs.uk

Telephone

+44 1412114646

Country

United Kingdom

NUTS code

UKM82 - Glasgow City

Internet address(es)

Main address

<http://www.nhsggc.org.uk/about-us/procurement/>

Buyer's address

https://www.publiccontractsscotland.gov.uk/search/Search_AuthProfile.aspx?ID=AA10722

I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Health

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Pinpoint Systems

Reference number

GGC0696

II.1.2) Main CPV code

- 79711000 - Alarm-monitoring services

II.1.3) Type of contract

Services

II.1.4) Short description

The Pinpoint System is a multifaceted security system which uses Personal Infrared

Transmitters (PITs) allowing staff to easily and discreetly activate calls for Assistance and Emergency. The PIT is a discrete small fob that staff can have in their pockets; on lanyards attached to their staff badges. When a call is activated, Alphanumeric Display Units emit an alarm tone and pinpoint the exact location and type of call. This information can also be relayed to a range of devices such as pagers; mobiles and PC's ensuring response staff can identify both the type and source of call quickly. Intelligent infrared capabilities mean that the Pinpoint System takes less than 85 milliseconds from activation to display.

Currently Pinpoint Systems are used at Gartnavel Royal Hospital and Stobhill Hospital at the Kelvin, Clyde, Iona and Tate Wards and at Skye House and Eriskay House Respectively. This is a closed protocol system and is one that has been in place for a number of years.

Consequently, the staff security alarm system is a service which is already in place and is a closed protocol system. To change this system would cause a significant amount of disruption to NHS GGC Staff and Patients. Therefore the best course of action to insure compliance with procurement regulations, and ensure the continued maintenance of these systems, is to publish a voluntary ex ante transparency (VEAT) notice.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £139,000

II.2) Description

II.2.2) Additional CPV code(s)

- 79711000 - Alarm-monitoring services

II.2.3) Place of performance

NUTS codes

- UKM82 - Glasgow City

II.2.4) Description of the procurement

The Pinpoint System is a multifaceted security system which uses Personal Infrared Transmitters (PITs) allowing staff to easily and discreetly activate calls for Assistance and Emergency. The PIT is a discrete small fob that staff can have in their pockets; on lanyards attached to their staff badges. When a call is activated, Alphanumeric Display

Units emit an alarm tone and pinpoint the exact location and type of call. This information can also be relayed to a range of devices such as pagers; mobiles and PC's ensuring response staff can identify both the type and source of call quickly. Intelligent infrared capabilities mean that the Pinpoint System takes less than 85 milliseconds from activation to display.

Currently Pinpoint Systems are used at Gartnavel Royal Hospital and Stobhill Hospital at the Kelvin, Clyde, Iona and Tate Wards and at Skye House and Eriskay House Respectively. This is a closed protocol system and is one that has been in place for a number of years.

Consequently, the staff security alarm system is a service which is already in place and is a closed protocol system. To change this system would cause a significant amount of disruption to NHSGGC Staff and Patients. Therefore the best course of action to insure compliance with procurement regulations, and ensure the continued maintenance of these systems, is to publish a voluntary ex ante transparency (VEAT) notice.

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

This is a service which is currently in place and is provided by Pinpoint Systems. Conducting a full tender procedure would be a significant project that NHSGGC would have to undertake and at this current juncture is not something that would be possible. Additionally implementing a new system would involve a considerable amount of building works; resulting in significant disruption for Staff/Patients and Services

NHSGGC will publish a voluntary ex ante transparency (VEAT) notice on PCS. In accordance with: 'The Public Contracts (Scotland) Regulations 2015, SSI 2015/446 1 91(7)(a)'.

Additionally and in line with the practices of: Fairness; Openness and Transparency; the publication of this VEAT Notice will be for a period of ten days.

A VEAT is the best legal procurement route to take because the disruption as a result of installing a new system would be significant and would have wide reaching consequences impacting: Staff; Patients and Services.

The contract will be for an initial 4 year period with the option to extend for a further 1x12 months.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section V. Award of contract/concession

Contract No

GGC0696

A contract/lot is awarded: Yes

V.2) Award of contract/concession

V.2.1) Date of conclusion of the contract

15 September 2021

V.2.2) Information about tenders

The contract has been awarded to a group of economic operators: No

V.2.3) Name and address of the contractor/concessionaire

PINPOINT LIMITED

Ajax way, Methil Docks

Leven

KY8 3RS

Telephone

+44 1333421706

Country

United Kingdom

NUTS code

- UKM72 - Clackmannanshire and Fife

The contractor/concessionaire is an SME

Yes

V.2.4) Information on value of contract/lot/concession (excluding VAT)

Total value of the contract/lot/concession: £139,000

Section VI. Complementary information

VI.3) Additional information

(SC Ref:660630)

VI.4) Procedures for review

VI.4.1) Review body

Glasgow Sheriff Court

1 Carlton Pl, Glasgow G5 9TW

Glasgow

Country

United Kingdom
