Explanation:

The Contract for Residual & Green Waste Haulage from the Council's Household Recycling Centres (HRC's) commenced in 1 July 2018 and expired on 30 June 2021 and could not be extended. From 1 July 2021 STA (21/22-023) and STA (21-22-047) have been in place to allow business continuity and for arc21 to confirm landfill disposal and residual treatment delivery points which are an element of this contract. The delivery points have not been confirmed by arc21 so it is therefore necessary to further extend the contract of haulage of Residual and Green Waste from the Councils HRC Sites with RM Greenkeepers using an STA for a further 5 months commencing 1 November 2022 to 31 March 2023. Arc21 are also currently going through a procurement exercise for interim waste transfer station capacity on behalf of the Council. The STA will provide the necessary time for the Council to review current contract documents, specifically around the pricing schedule and delivery points for landfill and residual waste, to enable a new procurement exercise to be undertaken and a new contract to be in place for 1 April 2023. Please be advised the value for this VEAT Notice is the cumulative value of the 3 mentioned STAs.
