II.2.4) Description of the procurement

Suppliers must be able to provide one or more of the Services listed below. Please ensure you complete the table within Annex D – Tenderers Response LOT 5

This LOT is for the collection, disposal and treatment of a range of hazardous waste materials, including but not limited to:

- Batteries (e.g. lead, acid, NI-Cd and mercury)
- Chemicals such as brake fluid/print toner
- Electrical equipment with potentially hazardous components
- Oils (except edible ones), such as car oil
- Pesticides
- Radioactive waste collection

- Solvents

You must ensure every load of hazardous waste you receive or pass to others is covered by a HWCN. Asbestos waste from a domestic premise requires that the homeowner receives a HWCN.

Hazardous waste notes ensure that there is a clear audit trail from when the waste is produced until it is disposed of. You must keep copies of all your waste transfer notes (including HWCNs) for a least three years and must be able to produce them on demand.

We require Suppliers to provide Customers with hazardous, chemical and radioactive waste Services ensuring all waste is disposed of according to Government Legislation.

Tenderers must have the capability to provide a wide range of hazardous, chemical and radioactive waste Services, both scheduled and/or ad-hoc for schools and the wider public sector.
