Ministry or any other national or federal authority

I.5) Main activity

Defence

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

180719

II.1.2) Main CPV code

- 33192500 - Test tubes

II.1.3) Type of contract

Supplies

II.1.4) Short description

The Royal Navy, part of the UK Ministry of Defence, has awarded a 5 year contract to Markes International for the provision of Tenax-TA Sorbent Tubes. It is considered that this contract can be awarded using the negotiated procedure without prior publication of a contract notice pursuant to regulation 32(2)(b)(ii) of the Public Contracts Regulations 2015 for technical reasons. While the Tenax-ta tubes can be sourced from multiple manufacturers the tubes themselves are unique to each suppliers' specifications and will not be compatible with machines designed for specific suppliers test tubes. MOD only requires tubes and immediately associated items, which are required to be compatible with its existing machines. Switching suppliers would require recertification of the laboratories testing processes for the samples as well as the purchase of new equipment. Using incompatible equipment would result in anomalies with unacceptable risk to the safety of MOD personnel.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £180,719

II.2) Description**II.2.3) Place of performance**

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

The Royal Navy, part of the UK Ministry of Defence, has awarded a 5 year contract to Markes International for the provision of Tenax-TA Sorbent Tubes. It is considered that this contract can be awarded using the negotiated procedure without prior publication of a contract notice pursuant to regulation 32(2)(b)(ii) of the Public Contracts Regulations 2015 for technical reasons. While the Tenax-ta tubes can be sourced from multiple manufacturers the tubes themselves are unique to each suppliers' specifications and will not be compatible with machines designed for specific suppliers test tubes. MOD only requires tubes and immediately associated items, which are required to be compatible with its existing machines. Switching suppliers would require recertification of the laboratories testing processes for the samples as well as the purchase of new equipment. Price

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

The Royal Navy, part of the UK Ministry of Defence, intends to award a 5 year contract to Markes International for the provision of Tenax-TA Sorbent Tubes. It is considered that this contract can be awarded using the negotiated procedure without prior publication of a contract notice pursuant to regulation 32(2)(b)(ii) of the Public Contracts Regulations 2015 for technical reasons. While the Tenax-ta tubes can be sourced from multiple manufacturers the tubes themselves are unique to each suppliers' specifications and will not be compatible with machines designed for specific suppliers test tubes. MOD only requires tubes and immediately associated items, which are required to be compatible with its existing machines. Switching suppliers would require recertification of the laboratories testing processes for the samples as well as the purchase of new equipment. Using incompatible equipment would result in anomalies with unacceptable risk to the safety of MOD personnel.
