II.2.4) Description of the procurement

- Review the Trusts effective leadership of patient feeding and nutrition across all departments.
- Help the Trust to develop a food and drink strategy that looks to increase the level of patient, staff and visitor satisfaction with their food and drink service.
- Review how the Trust captures how the organisation addresses safe delivery of nutritious and quality food and drink for patients; how healthier food and the right environment for staff and visitors are provided; and embeds sustainable practices in its service, such as buying food more sustainably and wasting less.
- Review how the trust reports to the board on food and drink performance and what targets it has established and how these are monitored.
- Assist with the annual returns required by NHS organisations to provide evidence of compliance with the Food and Drink Standards, that will form part of PAM return.
- Look at the role of a dedicated food service dietitian. This role should be the main interface between catering and clinical services, ensuring constant communication and co-operation between the relevant teams, as well as playing a leading role on the food and drink strategy.
- Support the development and testing of new products, automation equipment and creation of systems and procedures designed to improve the operation, reliability or convenience of all food preparation operations.
- Lead and support site Quality & Food Safety teams in project accountabilities, mentoring site teams where appropriate.
- Be the Trust advisor for all regional Quality and Food Safety related projects & activities.
- Help the Trust establish a structured learning framework, appropriate to their regional demographics and patient acuity, and ensure it is supported at board level to ensure all team members are appropriately trained.
- Review the current food safety and occupational safety training programs within the Catering Department to ensure they meet the legal requirements.
- Manage and support existing food safety programs and emerging priorities.
- Conduct internal audits following a strict standard based on the Trust's SOPs and HACCP plan.
- Audit the Trusts compliance with 10 key characteristics of 'good nutrition and hydration care'
- Complete required internal assessments & audits against NHS standards, help to develop corrective/preventive actions and complete required validation and verifications of the system
- Periodically review and update Trust Food Safety & HACCP documentation
- Acts as in house expert and primary interface with regulatory agencies, corporate and
