Regional or local authority

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Crawley Borough Council Commercial Repairs and Maintenance

II.1.2) Main CPV code

- 50700000 - Repair and maintenance services of building installations

II.1.3) Type of contract

Services

II.1.4) Short description

Crawley Borough Council (CBC) invites suitable facilities maintenance providers to attend a Pre-Market Engagement event between Thursday 10th to Thursday 17th November 2022.

The Procurement Team for CBC are currently exploring potential models for a new repairs and maintenance contract for all of CBC's non-housing properties/assets across the borough.

Please note that the Procurement Team for CBC is a Shared Procurement Service (SPS) with Horsham District Council, Mid Sussex District Council and Mole Valley District Council; we may therefore look to name those authorities as part of any future tender process.

The Authority aims to procure an effective facilities maintenance programme which helps CBC's property assets to operate effectively, helping to maintain key services and improve value for money for the taxpayer.

CBC has previously operated separate contracts for its Minor Repairs (planned and reactive maintenance), Mechanical, and Electrical works via different contractors.

CBC is open to reviewing this model in order to achieve efficiencies and high standards of work.

The average annual expenditure for planned and reactive maintenance works (over the period 2015-2018) was in the region of £900k.

CBC has a diverse property portfolio of approximately 200 properties including (but not

limited to); community / play centres, pavilions, council depots, leisure centre, town hall. In addition to various other assets such as recreational parks, car parks, paths, walls, fencing, lighting columns and drainage etc. Please be aware that the number of assets within the portfolio may fluctuate.

CBC is undertaking a review of existing and future service needs to determine the extent of any emergency callout requirements.

This Pre-Market Engagement event will therefore assist Crawley Borough Council (and other participating SPS Councils) in developing the optimum contracting landscape with suppliers, with a view to undertaking a procurement exercise for the contract with an intended contract start-date by December 2023.

The intended Contract Duration Period is for 48 months with three separate options to extend for 24 months each with a maximum possible Contract lasting for 10 Years (each participating SPS Council will have its own Contract).

The Pre-Market Engagement Event for the provision of the Repairs Maintenance Contract will take place between 10th - 17th November 2022 via video conferencing (Teams).

This is an opportunity for organisations to have a virtual meeting with the Authority and its representatives, which will be focused on understanding from the supplier's perspective, the optimum contracting approach that the council could consider.

Those organisations who are registered and have confirmed their interest, to emma.matthew@crawley.gov.uk by 17:00 on Friday 4th November 2022, will be provided with further information, and an appointment time.

Organisations who register for the Pre-Market Engagement event will also be provided with a Supplier Engagement Questionnaire to complete; organisations should complete this questionnaire and send it back to emma.matthew@crawley.gov.uk at least two working days before your appointment time.

II.1.5) Estimated total value

Value excluding VAT: £9,000,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 50000000 - Repair and maintenance services

II.2.3) Place of performance

NUTS codes

- UKJ28 - West Sussex (North East)

II.2.4) Description of the procurement

The pre-market engagement activity will assist participating SPS Councils with building a complete set of requirements to go out to tender in April 2023.

II.3) Estimated date of publication of contract notice

17 April 2023

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section VI. Complementary information

VI.3) Additional information

Crawley Borough Council would be extremely grateful to any supplier who wants to contribute to this opportunity to help the Council build its specification and contract requirements by participating in the pre-market engagement events and completing and sending back the market engagement questionnaire.

We confirm at this stage that Mole Valley District Council, Horsham District Council and Mid Sussex District Council may join in any future tendering exercise and will be following closely the progression of this pre-market stage.
