Section VII: Modifications to the contract/concession

VII.1) Description of the procurement after the modifications

VII.1.1) Main CPV code

- 33124110 - Diagnostic systems

VII.1.3) Place of performance

NUTS code

- UK - United Kingdom

VII.1.4) Description of the procurement:

Secondary Blood Grouping and Sickle Cell testing equipment, maintenance and supply of testing reagents/consumables.

VII.1.5) Duration of the contract, framework agreement, dynamic purchasing system or concession

Start date

8 August 2016

End date

31 March 2025

In the case of framework agreements, provide justification for any duration exceeding 4 years:

Further extension will allow prioritization of resource and ensure project team members have availability to complete procurement activities on time.

VII.1.6) Information on value of the contract/lot/concession (excluding VAT)

Total value of the contract/lot/concession:

£4,666,666

VII.1.7) Name and address of the contractor/concessionaire

IBG IMMUCOR LIMITED

2 Cranbrook Way, Solihull Business Park, Solihull West Midlands

Solihull

B90 4GT

Country

United Kingdom

NUTS code

- UKG32 - Solihull

National registration number

02255660

Internet address

www.immucor.com

The contractor/concessionaire is an SME

Yes

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Extension of existing agreement for an additional 20 months until 31/03/2025.

This extension will allow prioritization of resource and ensure project team members have availability to complete procurement activities on time.

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

A Testing Development Programme has now been established to renew of NHSBT's bulk blood testing services over the next two to three years. This is due to anticipated technical

developments in the market and two of our key technologies becoming obsolete in the very near future. This in addition to the ministerial direction to introduce testing for Occult Hepatitis B Infection (OBI). Due to the significant overlap of essential resource required to complete the 7 critical tender exercises across the next two years, an extension has been granted for the existing Secondary Blood Grouping agreement.

This extension will therefore allow prioritization of resource and ensure project team members have availability to complete procurement activities on time.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £3,900,000

Total contract value after the modifications

Value excluding VAT: £4,666,666
