It has five hospitals, namely Charing Cross, Hammersmith, Queen Charlotte's & Chelsea, St Mary's and The Western Eye, as well as a growing number of community services. With its academic partner, Imperial College London, it is one of the UK's seven academic health science centres, working to ensure the rapid translation of research for better patient care and excellence in education. ICHT is also part of Imperial College Health Partners, the academic health science network for North-West London, spreading innovation and best practice in healthcare more widely across their region.

ICHT is also a partner within the North-West London Integrated Care Board (ICB). Its procurement and commercial activity is supported by the newly formed North-West London Procurement Shared Services, in which ICHT procurement & commercial team is hosted by the Central London Community Hospital.
