VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Update to total contract value as per VII.2.2)

VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

The anticipated value of this procurement has been extraordinarily impacted by increases in demand since its launch in 2020. The Covid 19 pandemic led to much higher demand than expected for additional healthcare staffing support from international sources, and the subsequent Covid 19 recovery efforts (in particular the increased patient backlog, and shortage of suitably qualified UK workers) have necessitated additional investment in the international market through increased centralised funding, meaning that total spend is projected to remain high for the remainder of the Framework Agreement.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £12,500,000

Total contract value after the modifications

Value excluding VAT: £37,500,000
