II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated procedure without publication of a contract notice

- No tenders or no suitable tenders/requests to participate in response to negotiated procedure with prior publication of a contract notice
- The products involved are manufactured purely for the purpose of research, experiment, study or development
- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

The C-17 Delivery Team, part of the UK Ministry of Defence (MOD) (the Authority), has a requirement for the Provision of Cadmium Plating Training and Associated Spares in Support of the C-17 Aircraft. The Authority intends to award a new contract to renew the exiting provision with Sifco Applied Surface Concepts (UK) until 31st March 2027 (with options to extend by an additional 3 (three) years) at an approximate value of £0.05M (Inclusive of VAT).

It is considered that this contract can be placed on a single source basis without prior publication of a contract notice as it is below the financial threshold of Public Contracts Regulations 2015 (PCR 2015). Sifco Applied Surface Concepts (UK) provide the C-17 electroplating equipment, the cadmium brush plating solution and procedure listed in the US Air Force (USAF) C-17 Technical Orders (TOs). Accordingly, Sifco Applied Surface Concepts (UK) are the only economic operator which has the required equipment, technical knowledge, expertise, and experience to undertake and discharge the contractor's obligations under this contract.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No
