## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

Highways Services Contract

Reference number

2023/S 000-022488

#### **II.1.2) Main CPV code**

- 45233139 - Highway maintenance work

#### **II.1.3) Type of contract**

Works

#### **II.1.4) Short description**

Suffolk County Council wishes to appoint an industry-leading service provider to become its partner in the delivery of the Council's highways maintenance and professional services (Contract). The Council is looking to forge a long-term collaborative relationship with a service provider that delivers a Contract that actively supports the Council's corporate objectives and provides added value to the County. At present, the majority of the Council's highways maintenance activities (including street lighting (SLS), intelligent transport systems (ITS) and professional services) are delivered through its existing highways contract which is due to expire in September 2023. The Council intends to put in place a new, flexible Contract to maximise the potential for success for both itself and the appointed service provider. The Contract will deliver both core highways maintenance services and certain professional services with a separate contract put in place for the provision of SLS and ITS
