Notice identifier: 2025/S 000-029424

Procurement identifier (OCID): ocids-h6vhtk-052b52

Published 3 June 2025, 10:50am

Scope

Reference

C103453

Description

This supersedes Notice identifier: 2025/S 000-029403, incorrect value input.

A 4 year programme was proposed and accepted to build on previous annual SECR (Carbon reporting) and undertake a CFD (Climate Related Financial Disclosure) assessment and report which we are obliged to include in the Company Report (ARA). We are in the middle of the Climate Scenario Risk Analysis and risk assessment which are reported to RCC/ARC. During the 4 year programme our CFD framework is embedded which includes governance and Board and SEG Capacity building sessions. This will also support maturity of Post Office ESG strategy and framework.

OCS were originally engaged (compliantly) to contract for these services as much if the source data was derived from building energy consumption but as the requirement on POL (driven by new regulations) is increasing the type and frequency of contact from

POL direct to Inspired making this contracting method inefficient

There have been 2-years work completed so far on data collection and reporting that would need to be repeated/validated by any other incoming provider at a cost of ~£60k

Contract 1. environmental (energy consumption and carbon emissions) reporting

Supplier

- Inspired Energy Solutions Limited

Contract value

- £246,800 excluding VAT
- £296,160 including VAT

Above the relevant threshold

Earliest date the contract will be signed

11 June 2025
