- 75313100 - Temporary disablement benefits

VII.1.3) Place of performance

NUTS code

- UKK14 - Swindon

VII.1.4) Description of the procurement:

Swindon Borough Council entered into a contract with Liberata UK Ltd for the administration of the Council tax service including collection and recovery of council tax. Under the existing contract, the supplier has to meet targets to collect debts for the current financial year and previous 3 financial years. Under the proposed modification, the Council and supplier intends to implement an incentive scheme to enable the collection of debts that are in excess of 3 years old. The modification would be in place from 1 September 2024 to 31 March 2026

VII.1.5) Duration of the contract, framework agreement, dynamic purchasing system or concession

Duration in months

144

In the case of framework agreements, provide justification for any duration exceeding 4 years:

Croydon

CR0 6SR

Country

United Kingdom

NUTS code

- UKK14 - Swindon

The contractor/concessionaire is an SME

No

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Modification of contract to increase collection of Council Tax arrears that are in excess of 3 years old and will operate from 1 September 2024 until 31st March 2026.

Two additional staff will be employed by the Contractor at no direct cost to the Council. If in excess of £225,000 is collected in respect of the arrears older than 3 financial years, the staffing costs of up to £71,250 will be paid to the Contractor. If in excess of £296,250 is collected this will be shared as 50-50 incentive.

The Council is relying on Regulation 72 1 (b) of the Public Contract Regulations 2015 to enable this modification.

(b) for additional works, services or supplies by the original contractor that have become

necessary and were not included in the initial procurement, where a change of contractor—

(i) cannot be made for economic or technical reasons such as requirements of interchangeability or interoperability with existing equipment, services or installations procured under the initial procurement, and

(ii) would cause significant inconvenience or substantial duplication of costs for the contracting authority.

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

Liberata UK limited are already collecting Council Tax from many of the customers for the current financial year and three previous years and it is likely that they will have already been in contact with customers in relation to outstanding debts. The transfer of the contract would result in significant inconvenience and duplication of costs if there was a change of contractor. The authority would have to deal with two organisations undertaking the same or similar work. If the work was separated, Members of the public with arrears would be pursued by two different entities at the same time for Council Tax, leading to confusion and potential hardship.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £29,880,000

Total contract value after the modifications

Value excluding VAT: £30,072,500
