Description

This is a compact but intensive course targeted at Environment Agency Geoscience staff who need to grasp the essential methods and concepts in borehole design, construction and management within a short time as part of a Continuous Professional Development programme.

The main objectives are as follows:

- To produce engaging and graphical training material that gives a fundamental understanding of borehole design, construction and management in different geological environments, including associated risk assessment
- To produce and deliver a training course in a blended learning format.
- To provide engaging post-course material that staff can use for self or group study. This

could be in the form of workbooks/guided slide packs across real or hypothetical situations. The material will highlight how an understanding of the subsurface is critical to the successful completion of boreholes for varied purposes

- To train staff in understanding drilling contracts, bills of quantities, economics of borehole design to aid their development and competence in this aspect of their regulatory role

Total value (estimated)

- £0 excluding VAT
- £0 including VAT

Below the relevant threshold

Contract dates (estimated)

- 14 July 2025 to 31 March 2030
- 4 years, 8 months, 18 days

Main procurement category

Services

CPV classifications

- 80531200 - Technical training services

Contract locations

- UK - United Kingdom

Participation

Particular suitability

Small and medium-sized enterprises (SME)

Submission

Tender submission deadline

23 June 2025, 12:00pm

Submission address and any special instructions

To apply for this opportunity you must submit your quotation meeting the requirements detailed in the Request for Quotation (RFQ) attached.

Your response must be sent to michael.kehinde@environment-agency.gov.uk by 12:00 hours on 23/06/2025.

If you have any clarification questions linked to this opportunity or the procurement process please submit these via email to michael.kehinde@environment-agency.gov.uk. Please note that, unless commercially sensitive, both the question and the response will be circulated to all tenderers.

Tenders may be submitted electronically
