NHS Shropshire, Telford and Wrekin Clinical Commissioning Group and Powys Teaching Health Board have jointly awarded a contract for Non-Emergency Patient Transport Services (NEPTS) for eligible patients within the local healthcare population following a successful procurement.

A non-emergency transport service is provided for patients, both adults and children, who have a medical condition which prevents them from using other forms of transport to travel to and from healthcare appointments. It is not for people who require transport for financial or social reasons, or for

those requiring an immediate or emergency response.

The Non-Emergency Patient Transport Service will provide 24/7, 365 days per year transportation services to patients assessed as eligible for the service.

The objectives of the service are to:

- Provide transportation booking facilities e.g. telephone line, email, online system etc which are compliant with the accessible information standard.
- Provide a dedicated local booking team(s) for patients of Shropshire, Telford and Wrekin

and Powys.

- Conduct patient eligibility assessments and manage demand on the service in line with commissioned activity levels.
- Determine patient's mobility and moving and handling requirements to identify the type of vehicle and specialist equipment to be used for transportation/movement.
- Determine patient's mental health needs for example determine the support a dementia patient would require.
- Provide vehicles and transport suitable for our eligible patients according to the patient medical condition/mobility.
- Provide patient transport management and liaison with the NHS providers to ensure integration and system flow.
- Provide local patient travel advice and sign-posting for patients assessed as not eligible to access the transportation service.

The CCG's are appointing a service provider to deliver this service for a period of 5 years with an optional 24 months extension available.

The successful provider will be required to sign the prevailing NHS Standard Contract for the service and accept all terms and conditions.
