II.1.4) Short description

The Framework Agreement is for the supply of electrosurgical consumables and related accessories including patient plate return electrodes, reusable patient return capacitive electrodes, electrosurgical pencils and electrodes, surgical plume products, suction coagulators, coablation wands, monopolar and bipolar forceps and related consumables. This framework was previously known as diathermy consumables.

It is anticipated that in the first 12 months of the Framework Agreement the value of purchases will be circa £14,080,000, however this is approximate only.

For the full 48 month term (if extended) the anticipated value is around £56,320,000. The figures for the total estimated value are based on that initial expenditure and include a forecast for growth. The values provided are for guidance only and are not a guarantee of business with successful suppliers.
