II.1.1) Title

450000

II.1.2) Main CPV code

- 44143000 - Pallets

II.1.3) Type of contract

Supplies

II.1.4) Short description

National Highways are looking to procure up to 100 no MS1 Digital Sign Transport Stillages. GRP/heavy duty plastic (or other suitable material) A-Frame stillages, they will

need to be double sided and be able to safely transport 4 no. digital signs of any of the MS1 variant per stillage (2 per side) Each unit must be able to be removed without moving any other. The information screens to be transported will have a maximum dimensions can be found in the MS1 Digital Sign Transport Stillage Scope. The screens shall be partly visible when on the stillage and the entire face screen must be within the area of the frame. The rear couplings of each unit must be accessible. They will require a safe method of restraint for each unit individually to the stillage. The stillage will also require a 'soft' surface to the loading face to protect the screens. We would be looking to have methods for loading and unloading through the base for fork lifts with a multi access arrangement . The expected lifespan for each stillage (dependant on use) to be circa 7 years

Access to the tender documents will be on National Highways e-Sourcing Portal reference ITT_845

To sign up and access the tender documents once they are available, please visit the National Highways e-Sourcing portal <https://nationalhighways.ukp.app.jaggaer.com/>

I have also attached the guidance to sign up to the portal. Should you require assistance, please call e-Sourcing helpdesk on 0203 868 2859.
