.

.

Police Scotland identified a number of business areas that have a high risk of infiltration by Serious and Organised Crime groups; this Framework belongs to one such area and as such the Council reserves the right to include enhanced probity checks prior to any contract award, including sharing tenderer information with Police Scotland.

The tender pack includes a schedule for the Declaration of non-involvement in serious organised crime; this is a mandatory tender submission requirement for all tenderers.

.

The buyer is using PCS-Tender to conduct this ITT exercise. The Project code is 22676. For more information see:

<http://www.publiccontractsscotland.gov.uk/info/InfoCentre.aspx?ID=2343>

A sub-contract clause has been included in this contract. For more information see:

<http://www.publiccontractsscotland.gov.uk/info/InfoCentre.aspx?ID=2363>

The Contracting Authority does not intend to include any community benefit requirements in this contract for the following reason:

This Flexible Framework is not providing any guarantee of work; any contracts will be across a vast number of learning providers and it is therefore overly complex to achieve useage at this stage and it is anticipated that none of them would reach the threshold where it would be reasonable to expect Community Benefits to be accrued.

.

The nature of this Framework already has benefits to the community ingrained within it as the sole purpose is to enhance the employability skills and post school pathways that will better equip our young people for the world of work. A significant focus of this Framework will be to ensure adequate specialist provision is available for our schools and programmes supporting pupils with complex and additional needs.
