II.1.4) Short description

The university are looking to complete a full space audit, it has been recommended that we seek third party support who specialise in audits of this scale. They would be brought in to provide coverage of all of our General and Specialist Teaching provision as well as the office space within Main Campus. The Space & Property team will manage the parameters, frequency, oversight and interpretation of the audit datasets in collaboration with the elected third party support. We also believe that the output delivery from third party support will also yield added benefits in their report delivery, offering potentially inspiring modernised ways by which we can report on future audits. Our office audit will also have to consist of some additional data gathering as at present we do not retain desk numbers within each of our office spaces. It is also our recommendation that the Space & Property team gather this data prior to the audit to keep any 3rd party costs to a minimum.

II.1.6) Information about lots

This contract is divided into lots: No

Coverage of the audit will include:

- 255 General Teaching Rooms
- 533 Specialist Teaching Rooms
- 1072 Office spaces

Teaching spaces will cover all areas of our footprint including North Campus, Truro and Exeter whilst the office spaces will just cover Main Campus.

The university will look to tender this opportunity imminently, if your company can fulfil these requirements, then please confirm your interest by way of email to procurement@plymouth.ac.uk.
