H W Martin Waste Ltd

Fordbridge Lane Blackwell

Alfreton Derbyshire

DE55 5JY

Country

United Kingdom

NUTS code

- UKF13 - South and West Derbyshire

Companies House

14831401

The contractor/concessionaire is an SME

No

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

The current contract is to be extended by a 2-year period, the cost of the extension is a maximum of 2,000,000 GBP

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

The contract was previously varied in 2019 and 2021 utilising regulation 72 (1) (b) (i) & (ii) of the Public Contracts Regulations 2015 and presently those same justifications for extension still remain. It was anticipated over the course of 2020 that more firm plans would be laid out by government and DEFRA around the new waste strategy for England, however as a result of the effects of the COVID pandemic no further information or firm requirements have been forthcoming. It is anticipated that the government will release more firm information/guidance on the new waste strategy and responses to the consultations for England before the end of 2023.

It does not make economic nor technical sense to engage with another supplier for the 2-year interim period. The process of carrying out the interim contract tender process would also cause significant inconvenience and duplication of costs when the

resources of the waste service could be better spent carrying out the comprehensive

review of service provision in order to fully assess the implications of the changes required by the council while looking at any funding opportunities arising from the strategy.

The original contract value was approximately £4m. The additional 2-year term will amount to a sum that is estimated to be far less than £2m which makes it less than 50% of the original contract value.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £6,921,508

Total contract value after the modifications

Value excluding VAT: £8,921,508
