II.2.4) Description of the procurement at the time of conclusion of the contract:

Modification Notice - Intention to Extend Shared Care Record (JUYI) Contract in Gloucestershire:

This is not an opportunity, but a contract award notice to inform the market that NHS Gloucestershire ICB is intending to extend its existing contract for the provision of a Shared Care Record (JUYI), which is due to expire on 31 October 2023, under the provision set out in the original contract to allow sufficient time for the newly procured contract to be fully implemented and go live.

The above-named intends to extend the contract for a 12-month period, from 1 November 2023 - 31 October 2024 and increase the contract value by £939,482 without a call for competition.

Due to the highly customised nature of the existing Gloucestershire Shared Care Record solution, it would not be possible or cost effective to replace this for a short-term period with an off-the-shelf solution from an alternative supplier. Clearly any such replacement would also have implementation and training implications and associated disruption to all existing

care professionals and patients across the Gloucestershire ICS.

II.2.7) Duration of the contract, framework agreement, dynamic purchasing system or concession

Start date

1 November 2023

End date

31 October 2024

VII.1.4) Description of the procurement:

Additional services have become necessary from the incumbent supplier and a change of contractor cannot be made for economic / technical reasons and would cause significant

inconvenience to Gloucestershire ICB:

An extension to Gloucestershire's Shared Care Record (JUYI) contract is required to allow sufficient time for the newly procured contract to be fully implemented and go live. Due to the highly customised nature of the existing Gloucestershire Shared Care Record solution, it would not be possible or cost effective to replace this for a short-term period with an off-theshelf solution from an alternative supplier. Clearly any such replacement would also have implementation and training implications and associated disruption to all existing care professionals and patients across the Gloucestershire ICS. To change service providers at this stage would be detrimental to the ICS and the patients it serves and would cause substantial duplication of costs.

The modification does not alter the overall nature of the contract:

NHS Gloucestershire ICB is intending to extend its existing contract for the provision of a Shared Care Record (JUYI), which is due to expire on 31 October 2023, under the provision set out in the original contract to allow sufficient time for the newly procured contract to be fully implemented and go live.

Any increase in price does not exceed 50% of the value of the original contract or framework agreement:

The value of the original contract was approximately £8,700,000. Gloucestershire ICB intends to extend the contract for a 12-month period, from 1 November 2023 - 31 October 2024 and increase the contract value by £939,482 thus satisfying this provision.

For these reasons the Contracting Authority considers the proposed extension to be justifiable under Regulation 72 of the Public Contracts Regulations 2015, namely Regulation 72(1) (b) and (c). The amendments comprising the extension will not be made before the end of a voluntary period of at least 10 days from the day after the date of publication of this modification notice.

VII.1.5) Duration of the contract, framework agreement, dynamic purchasing system or concession

Start date

1 November 2023

End date

31 October 2024

VII.1.6) Information on value of the contract/lot/concession (excluding VAT)

Total value of the contract/lot/concession:

£939,482

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Clearly any such replacement would also have implementation and training implications and associated disruption to all existing

care professionals and patients across the Gloucestershire ICS.

VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

Additional services have become necessary from the incumbent supplier and a change of contractor cannot be made for economic / technical reasons and would cause significant inconvenience to Gloucestershire ICB:

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £939,482

Total contract value after the modifications

Value excluding VAT: £9,639,482
