I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Health

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Wound Management Products

Reference number

AW4211D

II.1.2) Main CPV code

- 33141110 - Dressings

II.1.3) Type of contract

Supplies

II.1.4) Short description

The existing Wound Management framework currently contains a wide range of products predominately utilised by Tissue Viability Nurses (TVNs), and other specialists in wound care. The contract does not include products specific for surgical use (such as ported dressings) or dressings products intended for different uses, such as plaster of Paris dressings for casting. It also excludes “simpler” products such as basic plasters. All of the exclusions listed above are covered under other associated dressings contracts.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £3,902,000

II.2) Description

II.2.2) Additional CPV code(s)

- 33141110 - Dressings

II.2.3) Place of performance

NUTS codes

- UKL - Wales

Main site or place of performance

NHS Wales and all associated health authorities; University Health Board and Trusts

II.2.4) Description of the procurement

As NWSSP has entered the final 12 months of the current agreement, preparations have commenced on the next full scale tender exercise which will be let for a full contractual term of 4 years, plus the option to extend for a further 12 months. Detailed specifications and evaluations methodologies have been developed to ensure that the needs of the services across NHS Wales continue to be met. In consideration of the ongoing issues faced and the time required to undertake a fully compliant tender, extension to the current contract(s) will enable a timely and thorough tender and enable continuity of service during that period. NWSSP, therefore, intends to extend the current framework and associated Lots for a 12 month period to enable the undertaking of the new competitive tender in 2022.

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

The current Wound Management Product framework consist of approximately 66 lots across 26 product categories, with many of the lots inn place to cover wide variations of different dressings. The Lots are currently awarded across a supplier base of twenty suppliers which represent the vast majority of the Wound Management supply market. During the past 10 months NWSSP Procurement Services, Central Sourcing Team have made a concerted effort to engage with incumbent suppliers and new entrants to inform and provide an overview of the medium to long term aims for NHS Wales Wound product provision. One of the primary factors for the 12 month extension is to allow the undertaking of a thorough All Wales tender and it is anticipated that the process will take six to nine months for the evaluation process to be completed. The extension will also enable the time required for bidder participation from the wider wound dressing supplier market, as well as for incumbent suppliers.

To summarise, the contracting authority NWSSP Procurement Services considers that there has been sufficient transparency with the wound product market, and that the continued provision of these essential products provides sufficient justification for the publication of the Voluntary Ex-Ante Transparency Notice.

IV.1.8) Information about Government Procurement Agreement (GPA)

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section V. Award of contract/concession
