## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

Acquisition of LiDAR & Photogrammetry, hydrological Interpretation and development of restoration plans for NI Peatland sites

Reference number

Project\_27215

#### **II.1.2) Main CPV code**

- 71000000 - Architectural, construction, engineering and inspection services

#### **II.1.3) Type of contract**

Services

#### **II.1.4) Short description**

Ulster Wildlife has been awarded funding through the DAERA Natural Heritage Environmental Challenge Fund 2022/23, to develop restoration plans for a selection of blanket and raised bogs Special Areas of Conservation (SACs) and Areas of Special Scientific Interest (ASSIs) across NI, as well as afforested priority peatland habitat adjacent to these designated sites.

Ulster Wildlife are seeking to appoint a qualified and experienced provider to deliver remote sensing LiDAR/photogrammetry and a range of hydrological restoration plans for drained, cutover, afforested and eroded blanket bog and raised bog sites. As the plans will be used to inform future funding bids for the delivery of peatland restoration works, they will include a detailed specification of works, cost range estimates and suggested monitoring protocols to measure improvements in hydrological functionality. The plans will draw on best practice and include prioritisation of works per site in terms of cost/benefit and potential for restoration success. This information will allow proposed restoration works to be prioritised and tailored to fit future funding budgets as necessary. The objective is to have a restoration works specification of sufficient detail to allow Ulster Wildlife to create a future tender documents for the delivery of the works.

Please see ITT documents for full details and instructions for submitting a tender.

#### **II.1.5) Estimated total value**

Value excluding VAT: £75,000

### **II.1.6) Information about lots**

This contract is divided into lots: Yes

Tenders may be submitted for all lots

Maximum number of lots that may be awarded to one tenderer: 3

The contracting authority reserves the right to award contracts combining the following lots or groups of lots:

yes

## **II.2) Description**

### **II.2.1) Title**

Lough Navar and Teal Lough

Lot No

1

### **II.2.2) Additional CPV code(s)**

- 71000000 - Architectural, construction, engineering and inspection services

### **II.2.3) Place of performance**

NUTS codes

- UK - United Kingdom

Main site or place of performance

Lough Navar Co Fermanagh and Teal Lough Co Tyrone, Northern Ireland

### **II.2.4) Description of the procurement**

Ulster Wildlife are seeking to appoint a qualified and experienced provider to deliver remote sensing LiDAR/photogrammetry and a range of hydrological restoration plans for drained, cutover, afforested and eroded blanket bog and raised bog sites. As the plans will be used to inform future funding bids for the delivery of peatland restoration works,

they will include a detailed specification of works, cost range estimates and suggested monitoring protocols to measure improvements in hydrological functionality. The plans will draw on best practice and include prioritisation of works per site in terms of cost/benefit and potential for restoration success. This information will allow proposed restoration works to be prioritised and tailored to fit future funding budgets as necessary. The objective is to have a restoration works specification of sufficient detail to allow Ulster Wildlife to create a future tender documents for the delivery of the works.

#### **II.2.5) Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents

#### **II.2.7) Duration of the contract, framework agreement or dynamic purchasing system**

End date

28 February 2023

This contract is subject to renewal

No

#### **II.2.10) Information about variants**

Variants will be accepted: No

#### **II.2.11) Information about options**

Options: No

#### **II.2.13) Information about European Union Funds**

The procurement is related to a project and/or programme financed by European Union funds: No

### **II.2) Description**

#### **II.2.1) Title**

Eastern Mourne

Lot No

2

## **II.2.2) Additional CPV code(s)**

- 71000000 - Architectural, construction, engineering and inspection services

## **II.2.3) Place of performance**

NUTS codes

- UK - United Kingdom

Main site or place of performance

Eastern Mourne SAC, Co Down, Northern Ireland

## **II.2.4) Description of the procurement**

Ulster Wildlife are seeking to appoint a qualified and experienced provider to deliver remote sensing LiDAR/photogrammetry and a range of hydrological restoration plans for drained, cutover, afforested and eroded blanket bog and raised bog sites.
