- Family Solutions

By Early Intervention we mean stopping something occurring or getting worse and for the purposes of this funding will provide brief, light touch interventions that will enable children, young people, parents and carers to draw on their own resources and resilience to resolve future problems.

This Grant is concerned with working with children and young people with exhibiting early signs of risky behaviours working in schools and youth settings through small group

programmes. This will usually take place face to face however, it may also take place using on-line platforms if that is deemed appropriate, for example during holiday periods or weekends/evenings.
