I.6) Main activity

Electricity

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

EGL 2 UXO Marine Survey

II.1.2) Main CPV code

- 71354500 - Marine survey services

II.1.3) Type of contract

Services

II.1.4) Short description

As part of the Eastern Green Link 2 (EGL2) project, a new connection will increase the capability of the electricity transmission network between England and Scotland. Scottish

Hydro Electric Transmission PLC and National Grid Electricity Transmission PLC are partnering on the project. Prior to the EPC offshore installation works commencing, a UXO ALARP certificate needs to be produced which is specific to the installation corridor and demonstrates industry best practice for UXO management and mitigation. The general requirement is for a marine UXO survey along an approximately 440km route from Peterhead in Scotland to near Bridlington, England over an 80m wide corridor.

To register your interest in this procurement event and to obtain the pre-qualification documentation applicants are to email Rebecca.Pearson@nationalgrid.com using the wording 'Registering Interest for 'EGL2 UXO Marine Survey' and include in the body of the message (if you have them) your Ariba AN number (network ID), name, email address and contact phone number for all contacts within your organisation who will need to receive Ariba messages and administer your online submissions. Following receipt of this information National Grid will invite you to the Ariba event where all of the pre-qualification documentation is contained including further instructions.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

The general requirement is for a marine UXO survey along an approximately 440km route from Peterhead in Scotland to near Bridlington, England over an 80m wide corridor. Data required shall include: MBES, SSS, Magnetometer / gradiometer.

Nearshore works shall include water depths of less than 10m LAT, Offshore areas involve water depths up to 100m LAT.

A full detailed UXO survey of the route is required, starting approximately in April 2023, concluding by September 2023

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

12

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.14) Additional information

Applicants are advised that, for the purposes of the contracts, the Employers may potentially enter into joint venture arrangements prior to awarding any contract from this activity. If this approach were to be adopted and, depending on the nature of the joint venture arrangements, the successful applicant(s) may be required to enter into a contract with a new JV entity relating to the execution of the works and services being procured.

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation
