- 72267000 - Software maintenance and repair services

II.2.3) Place of performance

NUTS codes

- UKI - London

II.2.4) Description of the procurement

The London Fire Commissioner (LFC) is researching the current market landscape to assist with the forthcoming tender for the support, development and maintenance for the LFB OneRisk solution. The intention is to have a modular software solution that captures, stores and integrates London premises-based risk information with existing data presentation platforms and analysis tools allowing operational and FRS staff access to key risk information that is readily accessible, transparent and updated. It is intended that the solution will deliver risk information to multiple end-points and in multiple contexts. Risk information will include London premises-based information detailing risks to persons, buildings and Firefighters.

II.3) Estimated date of publication of contract notice

3 April 2023

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

Section VI. Complementary information

VI.3) Additional information

The London Fire Commissioner is running a supplier open morning on Thursday 24 November 2022 at 11.00am at their Headquarters building – 169 Union Street, London, SE1 0LL. Interested suppliers may attend a presentation which will detail the scope of the project. Please express your interest in attending this event by sending a message in response to this PIN through the portal prior to the deadline. If you are unable to attend in person and wish to join via Microsoft Teams please make this clear in your response and joining instructions will be provided. If you wish to submit questions to be answered by the Project Team please do so via the portal. All questions will be addressed on the day and a written record will be kept and circulated to all those in attendance.
